

Ten Practical Guidelines to Improving Board Communication

Diligent

Launch Invitation

Following the very successful launch of the Corporate Secretaries International Association (CSIA) paper on stakeholder engagement in New York in 2015, CSIA will be launching *Ten practical guidelines to improving board communication*, sponsored by Diligent, on 28 April 2016 in London.

The paper will provide practical tips to enable corporate secretaries to improve their and the company as a whole's communication with the board. It is intended to also be thought-provoking at times in challenging corporate secretaries to think differently about the proactive and more strategic role they can play in facilitating board communications.

Participants can attend the launch event in London or connect to the event via webinar.

Attendance and web participation are both free, registration details on the following page.
